# WOLOLWEEN Bingo! Game

## You will need

- Wolols spooky pictures
- Wolols Bingo boards
- Glue and scissors
- Cardboard. Try to reuse an empty shoe box, cereal container or cardboard box.
- A basket, bowl or box, to keep the bingo game and use it to pull out the pictures cards during the game
- Game markers: buttons, small pieces of paper, whatever you find to cover the pictures on the card boards

**Adding fun:** small biscuits, little chocolates, gummies or small marshmallows are great for game markers – and the kids can eat some too! Use Halloween sweets ☺

## How to do it

Use the cards from the Memory Game if you have already printed them off. If not, you just need to print off one copy of each pictures page. Print on card stock. They look nicer and hold up better! Cut out along the squares of each picture.

If not possible to print it off in cardstock and you want to keep them more firmer and durable (recommended):

- Cut out a piece of cardboard of the length of the Wolols picture page
- Glue the Wolols picture page onto the cardboard
- Cut out along the squares of each picture
- Your bingo cards are ready!

Cut out 

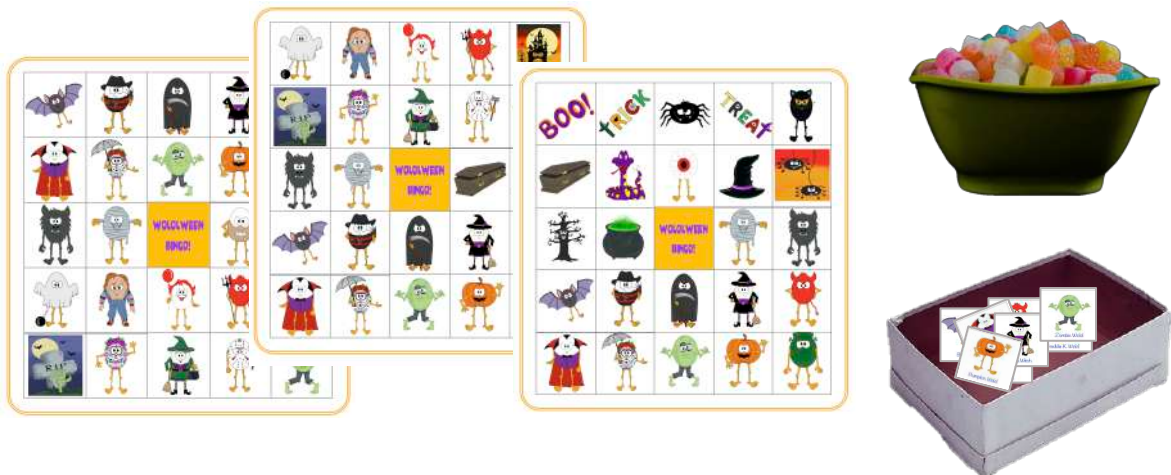

Game cards are ready!

# WOLOLWEEN Bingo!

## Set-Up:

- Be sure to print off enough bingo boards for each one who wants to play. Each one will need a different board game
- Place the bingo cards into a basket, bowl, box or something you can easily pull out from
- Give each player enough game markers

## Basic Bingo Rules

- Wolols Bingo boards have 25 squares. The one in the middle is not used
- One player is the caller
- The caller pulls out one picture from the box, and if the picture is on a player's board, its square may be covered with a game marker
- When a player has all pictures covered with game markers, he/she yells out "bingo!" and win the game

## Board Variations for Kids

You can change the winning board layout to keep the game more exciting. Here are some ideas: the first person to form an "x" across his or her board wins, or the first person to have a diagonal line, or the first person to have the four corners, or one specific row, or one specific column.

Have fun!
